

**ADHESIVE TECHNOLOGIES**

# ABOUT OUR COMPANY

Unicol is an Italian adhesive producer since 1977. We offer a wide range of products able to satisfy various customer needs which come from different industrial fields such as woodworking, panels, textile, tissue, and towels.

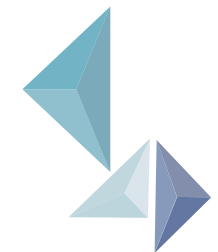

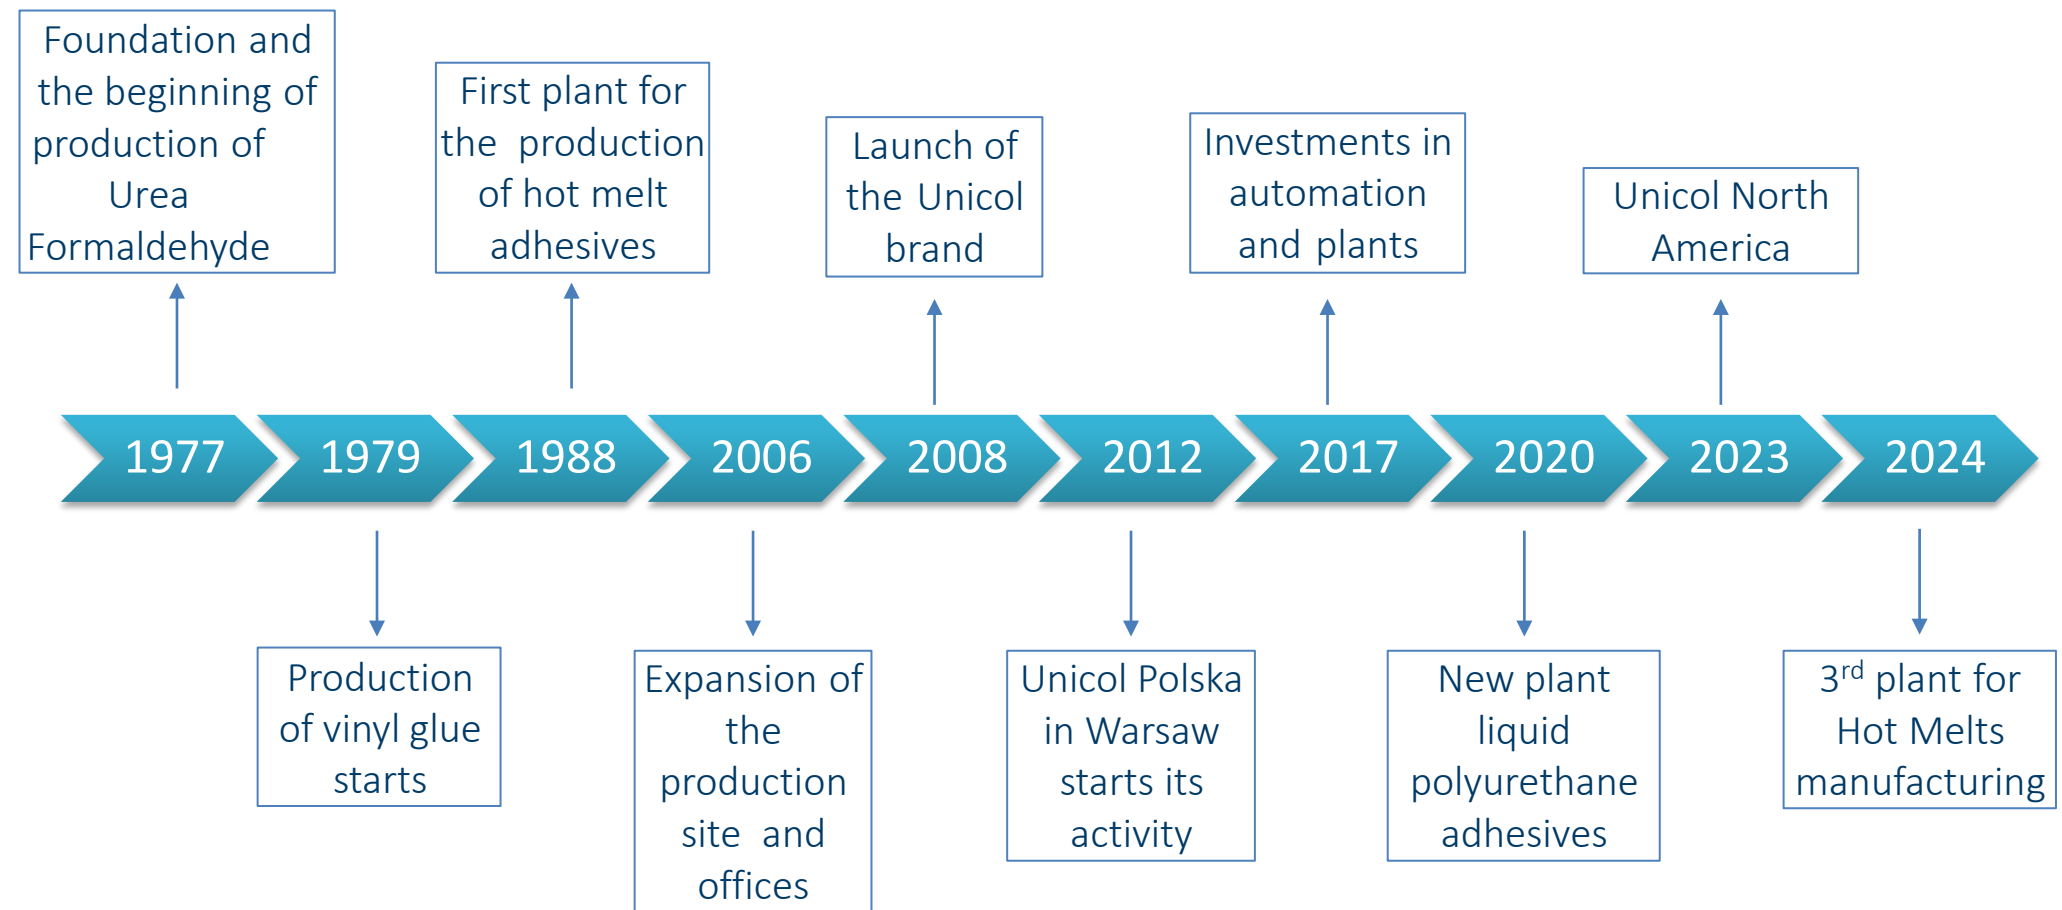

The experience gained by the company allows us to solve and optimize many production processes paying particular attention to the environment concerning achieving a top position in the reference market.

In 2012 we opened Unicol Polska in Warsaw. In 2023 we opened Unicol North America in New Jersey, USA.
